

POODLE RESCUE BLEND

GRACIE'S BLEND

Gracie was surrendered at only four months old when her owner became unable to care for her. A PRNE veterinarian found that Gracie had been born with severely weakened hindquarters. With the help of her committed PRNE foster provider, Gracie successfully completed an exercise regimen designed to strengthen her back legs. Today, Gracie is a treasured and utterly spoiled member of a loving adoptive family. Watching her running and playing so joyfully, it's hard to remember that she was once a tiny, weak puppy that could barely stand by herself. Gracie is enjoying the good life these days!

Poodle Rescue of New England is a 501 (c) 3 non-profit organization dedicated to the rescue, rehabilitation, and placement of homeless poodles.
